Public Outreach Collaboration

I. Meetings

1. Why Need

The Public Outreach Workshops create an **awareness** of Public Outreach (CPC, PI, and Institutions), conveys **knowledge**, and provides **contact information**. However, there is not an ongoing forum to celebrate real time successes, collaborate with a larger body of individuals to bounce off ideas, receive feedback, and provide direction on specific concerns/issues.

The goal is to build a strong and consistent body of knowledge for Public Outreach based on the Al-Anon program. It also facilitates the building of an area inventory of who is engaged in Public Outreach.

2. Targeted Audience

Those who have attended the Public Outreach workshops or who are currently involved in Public Outreach

3. Frequency of Meetings

Every other Month

4. Meeting Venue

Conference Call

II. Blog

1. Provides an open forum to discuss Public Outreach. Not everyone would want to attend a call but may be more inclined to post information on a blog.
 - Assistance Required from Webmaster to create blog.
