## CONFERENCE STRUCTURE

- Address problems of:
  - Representation
  - Communication
  - Participation
- SCWS Conference Structure Thought Force Completed
- Is your Group well served?
- What does a well served Group look like?
- Is there a next step?

Conference Structure Thought Force met for the first time in early October. Members for this Thought Force consist of GRs, District Reps, past Delegates and members at large. We have met almost every Sunday night for one hour via telephone conference call.

Individually, we each answered the KBDM questions. The responses were emailed to me for collating and a document was created with all of the input. Each time we met we went over the answers. The call was always summarized by the note taker. This KBDM document will now be framed and presented at the May 2013 Assembly with the summarization of each question. Our goal is to start the conversation and our next step must come from the discussion at the Assembly.

The Thought Force will probably recommend that a Task Force is formed to develop a survey to distribute to the Groups. Or perhaps a Yahoo Group of some sort or a blog? Perhaps the Groups believe we do not need to change anything. Whatever the outcome it must come from the Groups.

A Thought Force has been formed in Northern California. We realize that one of the possibilities could be a central California area which would come from the southern part of the north and northern part of the south. Make sense?

So many unknowns and so much to learn that this will be our focus for a long time.

Discussion? Questions?

I love the new theme. Busy preparing for the Conference. 3 Minute talk as an out-going Delegate. Sharing Area High Lights. I am the reporter for this Session. What it means. One Success and One Concern or Challenge.

Mentoring a new Delegate this year. From Idaho.

I received a call from Claire R. of WSO. Claire is the Associate Director of Communications – Professionals. Claire’s department has developed four powerpoint presentations for Treatment Facilities Outreach. The WSO has decided that rather than make them available immediately they would like to have a pilot program to introduce to specific Areas first for feedback. New York South has already agreed to pilot the presentations for WSO. Claire’s call to me was to request that California South be the other Area to pilot the presentations. The plan would be to hold a half day’s workshop opened to all Al-Anon members in CAS. Of course, we would specifically reach out to the Public Outreach individuals in all the districts and Intergroups but all would be invited to attend.

Clean up with Districts and it might have to take place in the next Panel. But is necessary. Assembly will have to confirm the decision in May.
